Leading Numerical Controller in the World

THREE
ENGINEERING

LNC-T320i/ LNC-M320i

LNC T320i/M320i is an affordable high performance compact PC-Based controller. Besides retaining the original high-end features of T310i/M310i, the appearance design and operational functions are further improved. With its multifunctional operation panel and space-saving design, LNC-T320i/M320i is more artistic and user friendly, and meets the needs of customers who look for affordable turning/milling machines.

LNC-320 SERIES
