

LNC-T320i/ LNC-M320i

A high Performance and Economical of PC-Based Controller

HARDWARE SPECIFICATIONS

- 3 Servo Axes Control
- Pulse Command (Standard) and V cmd Mold (Optional for closed loop control)
- MPG Control
- External CF Card
- 5.7" Color TFT LCD Monitor
- Screen saver function
- RS232 or Ethernet/DNC
- Circuit protection (24V 5V OT fuse)
- 20 IN/16 OUT (Expandable up to 128 IN/ 128 OUT)
- High quality of Mechanical Membrane Key
- Nickel plated Chassis (Effective heat dissipation, noise immunity & grounding effects)
- Dedicated Power Supply Module for System Power 5V & 12V
- 3D Monitor Frame Design
- Easy Wiring, High Performance, Low Price
- The 2nd Operation Panel (Optional)

CONFIGURATION

SHREE
ENGINEERING
